What is your Height?

To make this:

STEP I:
Question Type: Side by Side
Type in Feet, Inches and Height over the statement and columns categories
STEP 2:
Now on the Answers -- if you start with Answer 1 and type over it a number and then hit return after you enter a number you should be able to create multiple answers boxes. (then just delete answer #2)
For Feet_ type in the number 3,4,5,6,7
For Inches_ type in the number 0,1,2,3,4,5,6,7,8,9,10,11

STEP 3:
Go Back to your question and click on Column Options.
Select _ Drop Down List
